Shota Bosikashvili

Front-End Web Developer (React.js)

✉ SHBOSIKA@GMAIL.COM   📞 +995599333170   📍 Tbilisi

Summary

Detail-oriented, analytical, and motivated programmer with experience in building user-facing applications. Efficient and knowledgeable coder with skills in HTML, SCSS, React.js, and JavaScript programming languages. Proficient in utilizing frameworks and libraries to streamline development processes and enhance functionality. Experienced in collaborating with designers and stakeholders to translate requirements into technical specifications. A proactive problem-solver with a passion for continuous learning and professional development. Dedicated to delivering high-quality solutions that meet client needs and exceed expectations

Education

Georgian Technical University   Oct 2017 - Jun 2021
Bachelor of Business and Technology, Tbilisi

Employment

Front-End Developer   Apr 2023 - Oct 2023
ByteForge
Developed admin dashboard web app. Users can register, log in, and submit journal entries through the site. Admins have the ability to create, update, and delete users, submissions, news, etc. Additionally, I implemented protected routes for users and API calls from the server for registration, login, news posts, submissions, and users with roles.

Courses

JavaScript Algorithms and Data Structures Masterclass - Udemy   Apr 2024
By the end of the course, I had developed a solid understanding of fundamental and advanced algorithms and data structures, positioning me as a proficient JavaScript developer capable of tackling a wide range of technical challenges. This certification serves as a testament to my dedication to continuous learning and professional development in the field of software engineering.
certificate

Responsive Web Design - freecodecamp   Nov 2023
Certificate
